FOR IMMEDIATE RELEASE

Fiscal Systems Releases the NEXOS I™ Point of Sale

An Affordable Solution for the C-Store Retailer at NACStech 2010

MADISON, Alabama, April 21, 2010- Fiscal Systems announced today that it will introduce its most affordable Point of Sale solution the NEXOS I™ created for the C-Store Retailer at NACStech next week in New Orleans, LA. The NEXOS I provides retailers with reliable functionality and proven technology to meet their business needs. Valuable features such as cashier and store reconciliation, department and inventory reporting and the ability to control the credit card readers are included to simplify the retailer's job. The system's flexible modular architecture provides retailers the ability to easily upgrade to scanning with a full pricebook.

The NEXOS I's intuitive touch screen on the retail hardened IBM SurePOS™ platform makes every task quick and easy as well as improves cashier productivity and enables greater control of the retail site combining all their revenue centers into one system. NEXOS I provides retailers in the Convenience Store market a viable alternative when considering their retail automation needs when replacing their legacy systems.

NEXOS I's Manager's Work Station (MWS) and Site Controller (SC) allow a simple way for automating daily sales reports, interfaces to most major dispenser brands and streamlines transaction processing. The MWS and SC run on the versatile LINUX operating system.
