

# Outdoor Payment Terminal

*For Truck Stops and Travel Plazas*

Today's truck fleets and independent drivers have many choices for fuel. To compete in this crowded market, it is more important than ever for truck stops and travel plazas to deploy technologies that deliver consistent, accurate and secure customer service at the 24-hour fuel island.

The Fiscal Systems Outdoor Payment Terminal (OPT) extends your brand where you can market your products and services directly to customers. The OPT provides an environmentally sturdy yet customer-friendly platform to deliver payment technologies and marketing promotions to the fuel island.

Built on an open software and hardware platform, the terminal provides the flexibility to interface with every major brand of fuel dispenser and fleet payment network.

## Key Features

### Improve Speed of Service

- Improved customer throughput
- Intuitive touchscreen
- Guided customer prompts
- Integrated credit processing
- Improved customer traffic flow
- Increased in-store labor productivity

### Increased Sales

- Additional revenue generation via marketing promotions
- Remotely design/deploy sales and marketing programs from a central location

### Improved Customer Loyalty & Build Brand Awareness

- Deliver an enhanced customer experience
- Communicate individually by extending your brand and product/service offerings

### Reduce Maintenance & Speed Return to Service

- Exceptions are immediately communicated to site personnel via the Point of Sale (POS)
- Remotely deploy upgraded customer interfaces and card types from a central location

### Open Architecture

- Integrate fiscal's POS and payment terminal with your existing enterprise and site networks
- Fiscal's software and standard-based hardware easily adapts to your growing business needs

### Maximize System Uptime

- Deliver consistent customer response even during peak business hours via a solid-state, hardened design
- Withstands challenging environmental conditions: severe weather, bright sunlight, dust, vehicle exhaust

### Payment Network Independence

- Open platform to deliver high-value payment innovations to fuel island customers

### Single Point of Accountability

- Comprehensive, integrated POS
- Solution from Store to Fuel Island
- Reduce risk and optimize technology solutions for your Truck Stop or Travel Plaza business

## Specifications

### CPU

Intel® x86 compatible 1 GHz or higher

### Operating System

Linux

### Volatile Memory

512MB DDR standard, up to 1 GB supported

### Mass Storage

2GB industrial-rated flash standard; Hard drive supported

### Networking

Autoselecting 10/100 Base-T Ethernet; 802.11a/b/g wireless Ethernet supported

### Display

15.0 inch Active Matrix LCD, 1024x768 resolution

### Backlight

750 to 1300 nits, transfective, laminated polarizer

### Touchscreen

15.0 inch laminated, projected capacitance

### MPEG Video Decoding

Software MPEG decoding supported

### Receipt Printer

2 inch thermal printer with tear bar

### Magnetic Stripe Reader (MSR)

3-track, dual head MSR for credit & loyalty cards

### Thermal Management

Active heating & cooling to regulate temperature

### Operating Temperature & Humidity

-20° to 120° F, 0 to 90 percent noncondensing

### Enclosure

Lockable, stainless steel housing with powder-coated steel bezel

### Dimensions

17.0 in (wide) x 12.6 in (deep) x 18.0 in (high)

### Electrical Requirements

125 volts AC, 5 amps maximum

### Safety Certifications

Pending

## Interfaces

### Retail Credit Networks

First Data (Buypass/ EFS Concord)  
Fleet One Local  
JCB  
Heartland Payment Services  
RBS World Pay  
Sinclair Oil  
Tesoro  
Voyager  
Wex

### Fleet Credit Networks

Comdata  
EFS  
Fleet One Over the Road  
Fuelman  
Multi Service  
TCH  
T-chek  
Transcommunications  
Voyager  
Wright Express

### Check Verification

Certegy  
Equifax  
NATSO Check Link

### Loyalty

AMBUCK\$  
Kickback  
MetroSplash Fuel Links  
NBS  
Points to Parner  
Sinclair Driver Thank You

### Fuel Dispenser

Bennett  
Wayne  
Gilbarco  
Schlumberger  
Tokheim
